DISCLAIMER

1. All the programs mentioned in the International Guide (Study in India) 2022-23.

Every effort has been made to ensure that all the information contained in the International Guide is correct but there is also the possibility that few changes may occur between the date of printing and the start of the academic session for which this International Guide is prepared. Please note that the most updated source of information is the University website. Before taking any of the decisions regarding your choice of programs or any other thing, we strongly recommend the reference to the University website.

2. Though all the effort has been made to provide all the programs, facilities and services described in the International Guide (Study in India), but the University cannot guarantee the strict observance of the same. The University may make any of the variations in the contents or mode of delivery. The University may merge, discontinue or introduce new courses.

3. If the University discontinues any programs, the best suitable option will be provided to the prospective students. No students will be unreasonably prejudiced as a result of this change.

4. The University cannot accept any liability for disruption to its provision of educational or other services caused by circumstances beyond its control, but the University will take all reasonable steps to minimize the resultant disruption to such services.

International Guide — Study in India 2026-27

Why to choose **INDIA** for study

India is one of the best countries to do your higher education. In addition to India's wide range of cultures, languages, traditions, and breathtaking natural beauty, this country also offers a diverse education system. You can choose a course from a wide range of options. Along with its diverse educational system, India also offers one of the rapidly growing economies.

About Punjab

Punjab is a state in northwest region of India and is one of the most prosperous states. The name Punjab is made of two words Punj (Five) + Aab (Water) i.e. land of five rivers. The Punjab State is divided into three regions: Majha, Doaba and Malwa. Agriculture is the mainstay of Punjab's economy. Other major industries include manufacturing of scientific instruments, electrical goods tractors, auto components, sports goods, hand tools, machine tools, textiles, sewing machines etc.

The state has a balanced amalgamation of heat in summer, rain in monsoon and cold in winter. The three seasons are so distinctly distributed that you can enjoy each of them individually.

Hands on
Training

Established through an act of the state government and approved by the UGC, the GNA University has become the chosen educational hub for a diverse community of students. GNA University (GU) is designed to be a leading higher education organization engaged in creating, preserving and imparting knowledge to a diverse community of students. The University “aspires to nurture value based leaders who have knowledge and skills to create success in their organizations. With over 50 degree and certificate courses on offer, it has established itself as a leading university in India for Business, Engineering, Paramedical Sciences, Hospitality, and Information Technology programs. With trained faculty, best teaching practices, and well-equipped classrooms, GNA University has become a brand name for India's world-class education. The unique feature of our programs is the focus on experiential learning, industrial internships, flexible credit-based study programs, and holistic development of personality which in turn will ensure employability of the students. Being an industry-led university; GNA University has set out a very clear agenda to have a robust industry-academic interface.

Tell Me and I Forget;
Teach Me and I May Remember;
Involve Me and I Learn

-Benjamin Franklin

To make the students readily employable, GNA University has collaborated with big industry giants like Bosch, Siemens, Autodesk, Festo, Stratasys, Dassaults Systems, etc. We are exclusive members of AIMA for Business Simulation Labs, EC Council, Paulo alto, AWS Academy, Red Hat, Tableau, Mafoi, Times of India, and BSE Institute. GNA University has collaborated with Pearson to deliver Higher National Diplomas in Business, Hospitality, Computing, Engineering, and International Travel and Tourism Management. All these programs are skill-based, and students undergoing these programs are readily employable. The vision behind the establishment of GNA University is to allow students to get trained on present technology and the technology that will be prevailing in the market when they will join the industry. At GNA University, we also provide free of cost skill enhancement trainings and certifications to our students in Big data, Cloud computing, Cyber Security, Internet of Things etc.
