Abstract

Provide a concise summary of the research (250-500 words) covering the background, objective, methodology, key findings, and conclusion.

Keywords: 3–5 keywords separated by semicolons.

1. Introduction

- Background
 - Problem statement
 - Research gap
 - Objectives of the study
 - Novelty of the research
 - Scope and significance of the research
-

2. Literature Review

- Previous research related to the topic
- Critical analysis of existing studies

- Identified research gaps
 - Justification for the present work
-

3. Materials and Methods

3.1 Materials

Describe the materials, chemicals, equipment, software, datasets, or study participants used.

3.2 Methodology

Describe the experimental procedures, computational methods, analytical techniques, or research design.

3.3 Data Collection

Explain how data were collected.

3.4 Data Analysis

Describe statistical methods, software, or analytical tools used.

4. Results (Results and discussion can be combined also as per domain)

Present the experimental findings or analytical results.

- Tables
- Figures
- Graphs
- Statistical analysis

Each table and figure should be numbered and cited in the text.

5. Discussion

Interpret the results by:

- Comparing them with previous studies
 - Explaining scientific or practical significance
 - Discussing limitations
-

6. Conclusion

Summarize the major findings and their implications.

Include:

- Main conclusions
 - Contributions of the study
 - Limitations
 - Future research directions
-

Acknowledgements

Acknowledge funding agencies, institutions, laboratories, collaborators, or individuals who contributed to the work.

Conflict of Interest

The authors declare that there is no conflict of interest regarding the publication of this paper.

Data Availability Statement

State where the data supporting the findings are available or explain any access restrictions.

Author Contributions

Briefly describe each author's contribution to the research.

References

List references according to the conference citation style (APA).

Example:

[1] Author A., Author B. *Title of Article*. Journal Name, Volume (Issue), Pages, Year.

[2] Author C. *Book Title*. Publisher, Year.
